

# Environmental Policy

Brummell Associates Limited is committed to minimising the impact of its business activities on the environment.

The key points of its strategy to achieve this are:

- Minimising waste by evaluating operations and ensuring they are as efficient as possible.
- Minimising travel and using technologies, such as email and video-conferencing, to assist with that goal.
- Ensuring the office environment is as energy efficient as possible, within the terms of the lease and business requirements.
- Actively promoting recycling both internally and amongst its customers and suppliers.
- Encouraging staff to live close to their place of work.
- Meeting or exceeding all the environmental legislation that relates to the Company.
